UL Warns of Counterfeit UL Mark on Fire Sprinkler

PUBLIC NOTICE

PR Newswire

United Business Media

NORTHBROOK, Ill., Jan. 31, 2013 /PRNewswire via COMTEX/ -- The following is a notification from UL to distributors, contractors, fire departments, regulatory agencies, and authorities having jurisdiction that the fire sprinkler identified below bears a counterfeit UL Mark for the United States and Canada. The sprinkler was not manufactured by Nanjing Fire Protection Technology Co Ltd and the thermo bulb was not manufactured by Job, GmbH. The Fire Sprinkler has not been evaluated by UL to the appropriate Standards for Safety and it is unknown if the fire sprinkler complies with any safety requirements.

Name of Product: Fire Sprinkler, Model NX005

Identification: On the product: The counterfeit fire sprinkler can be identified by "NX" and "C-I" marking on the wrench boss of the fire sprinkler frame and may have model NX005 on the sprinkler deflector. Sprinklers manufactured by Nanjing Fire Protection Technology Co Ltd that are authorized to bear the UL Mark do not have "NX" and "C-I" marking on the wrench boss.

About ULUL is a premier global independent safety science company with more than 118 years of history. Employing more than 10,000 professionals with customers in over 100 countries, UL has five distinct business units - Product Safety, Environment, Life & Health, Knowledge Services, and Verification Services - to meet the expanding needs of our customers and to deliver on our public safety mission. For more information on UL's family of companies and network of 95 laboratory, testing, and certification facilities, go to UL.com.
